Dear Bunker Hill Families and Staff:

Today, at approximately 1:15 pm, we were notified by several students of a threat to the school that was made by one of our students at BHMS. Based on what was reported and after a brief investigation we found that indeed a threat had been made. As a result, we assembled our threat assessment team of counselors, administrators, SROs/SLEOs. We also brought in the Washington Township Police Department to assist. As a result of the collective efforts of the team, we were successfully able to decipher and mitigate this threat.

As a principal, I would like to commend those individuals who came forward and understood the importance of “see something, hear something, say something.” Because they were mature and new to notify administration and counseling, we were able to bring swift resolution to this concern.

Therefore, I want to assure you that we brought resolution to the matter and hope you and your family have a restful extended weekend. Most importantly, please reach out if you have any concerns. Mrs. Egizi or I will certainly take your calls if you need more clarification.

Thank you for your constant support.

Sincerely,

Mike D'Ostilio
