

Bunker Hill Finishes in the Top 10 in many categories at the state competition and earns several opportunities to compete at Nationals in Atlanta, Georgia

Bunker Middle School would like to profoundly thank Grenloch Terrace Early Childhood Center teacher Mrs. Mandy Phillips for stepping in to be the Bulldog advisor. She devoted countless hours to supporting the Bulldogs and made sure they had the best opportunity for success. Mrs. Phillips did this in just a few weeks when BHMS was in need of an advisor. Mrs. Phillips is a true Bulldog.

BHMS would also like to thank the WTPS Board of Education. Without their support, it would have been impossible to get the students to the state competition. Their support helped the Bulldogs be able to compete for a state title and keep the tradition alive of having National qualifiers.

The Bulldogs are also extremely grateful for Mr. and Mrs. Taraborelli who supported the FBLA at BHMS until Mrs. Phillips came aboard. Thank you to Mr. Taraborelli for supporting the FBLA at the state level by judging other events.

8th Grader Callisto Taraborelli stepped up in a massive way as the club's president to lead the Bulldogs and keep them organized and prepared for competition

Mr. Prasad supported the team by making the trip to Kean university to ensure a BHMS staff member was with them.

“I am extremely proud of our FBLA today, they acted in a way exhibited what kind of students Bunker Hill has within their community. They were polite, kind, well-spoken, confident, as well as respectful! These kids advocated for themselves”—Mrs. Mandy Phillips
